Saltlake Shiksha Niketan, Kolkata

04/2015 - 03/2016   *Marks: 88%*

SKILLS

Python   NodeJS   SQL   Shell Scripting
Jenkins   Java

PERSONAL PROJECTS

Social Networking Site
- A full-stack website where anyone can share pictures, and personalized messages. Built using NodeJS, express and used MongoDB for the database.
- Users can also like and comment on other posts.

Text Sentiment Analysis
- Prepared this as my final year project. In this I used machine learning algorithms to predict the sentiment of the whole text.
- Also published articles on medium and built a live website where users can go and paste their text and perform sentiment analysis.

ACHIEVEMENTS

Most Valuable Player of the Team
I was awarded with this achievement in the last quarter of 2021 in Infosys.
